Introduction

SHORT INFORMATION ABOUT OUR PROJECT

To fulfill our project assignment, We have created Hotel Room Booking Web based on PHP with connected to MySql using the phpmyadmin as the database.

USER INTERFACE

HOME PAGE (index.php)

The screenshot shows the homepage of the Hotelingo website. At the top left is the logo "Hotelingo" with the subtitle "Official Booking Website". The top right features a user profile icon, a "Logout" button, and a greeting "Hello, kelompok4". A navigation bar at the top includes links for "Home", "Profiles", "Room & Pricing", and "Services". The main content area has a large banner image of a balcony overlooking a sea and mountains. Overlaid on the banner is the text "HOTELINGO" and "5 Star Luxury Hotel by k4". Below the banner, a descriptive text reads: "You can order the best accommodation destinations from our website, which is available at any time and from anywhere in the world." At the bottom of the page is a "Book Now" button.

PROJECT PROFILE (profile.php)

The screenshot displays the Hotelingo profile page. At the top left is the logo "Hotelingo Official Booking Website". The top right features a user profile with a circular icon, the text "Hello, kelompok4", and a "Logout" button. The main content area has a dark background with a large, stylized building facade on the left. In the center, the text "Hotelingo by K4" is displayed in yellow, followed by "Project Established in 2023". Below this, a welcome message reads: "Welcome to Hotelingo, your 5-star luxury escape in the heart of the city. Our hotel was founded in 2023 with a passion for providing the utmost comfort, elegance, and convenience to our esteemed guests. Your satisfaction is our utmost priority, and we are committed to creating lasting memories for you." A dashed arrow points from the text area towards two circular profile pictures of team members. The text "Sincerely, The Hotelingo Team" and "Project Team 4 :" is centered above the profiles. The profiles are labeled with the names "Gafrilatif Aviandi Putra Adnanta & Muhamad Farhan Budiana". Below each profile picture is their name and the text "Team 4 Web Project". The bottom left corner shows the URL "localhost/hotel_crud/index.php".

Room Booking Suite Class (RoomBooking3.php)

The screenshot shows a web-based room booking system for a suite room. At the top, there's a header with the logo "Hotelingo Official Booking Website", a user profile icon with "Hello, kelompok4", and a "Logout" button. Below the header, the title "Suite Room" is displayed above a large image of a well-furnished bedroom with a balcony overlooking greenery. To the right of the image is a booking form titled "Enter The Date of Your Stay" with fields for "Start" (dd/mm/yyyy) and "End" (dd/mm/yyyy), and a "Book" button. A small "Next Picture" link is visible at the bottom of the main image. In the bottom right corner of the page area, there's a small illustration of a laptop and mouse.

Succesfull Room Booking (SuccessfullyBooked.php)

The image shows the interior of a grand hotel lobby. The ceiling is high with multiple arched recesses and a large, ornate chandelier hanging from the center. In the background, there's a clock on the wall and several arched doorways leading to other parts of the hotel. A few people are visible in the distance.

THANK YOU FOR YOUR RESERVATION

kelompok 4 Successfull order.

The top navigation bar of the website includes:

- Logo: Hotelingo
- Text: Official Booking Website
- Navigation links: Home, Profiles, Room & Pricing, Services ▾
- User profile: Hello, kelompok4 (with a small profile picture)
- Logout button
